Presenting . . .

THE H

ESPERIAN

of

1957

We, the Hesperian staff, dedicate this yearbook to the Oregon City Senior High School.

An American philosopher, Amos B. Alcott, once noted, "Observation more than books, experience rather than persons, are the prime educators." This book, filled with pictures of students, teachers, and many unforgettable events, is symbolic of this phase of education, for clubs and other observation and experience.

Our very indulgence in school activities causes the years to pass swiftly by. As we walk through the halls for the last time, we realize that we are soon to step out into the busy world. But we are prepared, for we not only possess a wealth of facts, but also know how to make use of them. This is the value of club and class activities. These activities have been recorded and placed in this volume, a treasure chest of memories of the school year 1956-57.

This year's student council, consisting of a president, vice-president, secretary, Boy's representative, Girl's representative, editors of the Hesperian, and of the Elevator, was expanded to include home room representatives. The representatives, acting as discussion leaders in their home rooms, brought recommendations and suggestions to the meetings. There they were further discussed and decisions were formed. Then a meeting of the seven student council members and Mr. Barnett was held to begin action on the suggestions. Through the policies and activities we aimed to promote greater harmony among the students, faculty, and administration, develop leadership in the students, and make school life more profitable, wholesome and enjoyable for the students in general.

CLASS

OF

'57

The officers of the Senior Class are: Ken Weleber, President; Alan Zebntbauer, Vice-President; and LaVaughn Nelson, Secretary.

The Class Log:

Our Senior year was a special one to all of us, the students, who realized it was our last year to enjoy the friendships of our fellow classmates. The Senior Class Party, in the fall, began our year with great success. There, our class colors of yellow and grey were introduced for the first time. Fun was enjoyed by all and there are still moments we remember. Following soon, the class play "Cuckoos on the Hearth" was also a smash hit. Our years activities were concluded by the Senior Banquet. This was most memorable of all occasions. Then hence came Graduation night. This we will never forget.

Looking down the halls of our school for the last time, we see our high school days as a memory. Having completed our school years, we have many happy memories to fill our thoughts. Gone also are the formal dances, the football and basket-ball games, the class plays, and many other memorable events that we cannot express in words.

Passed are the days in which we have planned how to enter the realm of the adult world, for we are now taking that vital step. We will miss the friendly days of school, the friendship of our fellow classmates, and the helping hand that our teachers gave to us on the road to knowledge, for now, all this is forming the past, and we look to the future.

We, the Senior Class of 1957, say good-bye to you, the Oregon City Senior High School, and to all the memorable events that helped to make our high school years happy ones.

...GOOD-BYE, SENIORS...

OUR VISITOR FROM NORWAY

I admit I was a bit scared the first day at school, but it did not last very long, because I met so many nice and helpful students. It will be very hard to leave all of you and go back to Norway. I'd like to thank you, both the teachers and the students, for having been so wonderful to me.

Surely our schools are quite different. I had never before seen anything like so many of your activities. However it did not take me long to realize that you are like Norwegian students and enjoy the same things. After a while, I was well adjusted to your school system.

It is hard to say in simple words what I have got out of the year here; it is more than I can cover. My experiences are so many and my understanding of your way of life is so much better. You are certainly wonderful people, and I have so much to be thankful for. I enjoyed every minute of my stay in Oregon City.

Good-bye and good luck to all of you.

Oregon City's Pioneer basketball quintet registered a 2 win-18 loss record for the 1956-57 season. Although victories were few in number, Coach Frank Good's team gained other dividends than those shown in the won-loss column. Playing with a starting lineup, consisting of four juniors and one senior, valuable experience was gained by the underclassmen for future play next season.

Throughout the season the pioneers provided many a headache for opposing TYV league schools. Conference champion, McMinnville, was given a real scare by the O.C. five as they edged out a 63-60 victory over the seventh place Pioneers.

Pacing the varsity scorers was junior guard Ted Hendry, with 145 points. He was followed in the scoring column by junior forward Don Osborne and senior guard Dick Kendall.

Left to right: Bob Carter, Jim Petticord, Jerry Poppin, Burnell Bohn, Kern Bowman, Gary Gibson, Jerry Gettel, Dale Hanerford, David Hosford, Jim Garvison, Terry Kelsay, and Coach Tom Nutter.

The Pioneer Junior Varsity Basketball team, under the direction of Coach Tom Nutter, won 7 while losing 13 of the season.

Midway through the season top point producers, Ron Granquist and Rod Vermillion, were drafted to the Oregon City Varsity, leaving a big gap in the "babes" starting lineup. Burnell Bohn solved some of the scoring slack, left by the departure of Vermillion and Granquist, as he averaged in the double column figures throughout the remainder of the season.

With several top notch varsity prospects, playing with the Junior Varsity this season, things look brighter for pioneer basketball in the future.

At this writing, the Pioneer baseballers hold a 3-win 5-loss record with better than half the season remaining to be completed.

Under the direction of Coach Wayne Bauer, now in his 21st year at the pioneer baseball helm, the Oregon City diamondmen hope to improve during the second half of TYV League play.

With the gaining of needed experience, the pioneers should wind up in the top bracket of the TYV League when the final analysis is made.
